### A Tribute

*Should ghosts from out old Eastern's crumbling mass  
In mist-like shrouds lift quiv'ring, questful heads  
With vain and foolish thought that they surpass,—  
Ashamed must they return to crypt-like beds.  
Though bare and bleak thy halls may ever be,  
Stark though thy towers above us ever rise,  
Alone above the restless, human sea  
Shall you in triumph reign. If other eyes  
The buried beauty in thy graceless form  
Pass by, and put unclassic line to scorn,  
Know yet that we through Life's wild beating storm  
Shall not more awesome, lovely structures mourn.  
For 'neath the body's steel and stone and sand  
The soul of Eastern shall eternal stand.*

# EDICATION

We, the class of 1938, dedicate this our yearbook to the new Eastern. Through our four years as Easternites, it has been symbolic of all our castles in the air; and now that we have "arrived" it has become our symbol of perfection. We hope that we, in our small way, have helped to instill in this child of the modern age the glory of the old traditions and the undying spirit that is Eastern High.

“Let each new temple, nobler than the last . . .”

To our adviser  
Miss M. Christine Blair

Faithful in the direction of every successful venture which we of '38 have undertaken, enthusiastic, sympathetic, and understanding in her friendship for us all, our adviser has been the dominant force in all our achievements. "When these days have passed beyond us and we leave dear Eastern High," our fondest memories will be those of our teacher, counselor, and friend, Miss Blair.

*M. Christine Blair*

*Miss Laura J. Cairnes*

*Principal*

During our years at Eastern Miss Cairnes has been a symbol of calm judgment, strength, and poise. Her fairness, understanding, and enthusiasm will continue to be an inspiration to us.

*Laura J. Cairnes*

*Miss A. Marguerite Zouck*

*Vice-Principal*

The graciousness and charm, the sympathetic understanding, the "joie de vivre" that are to us Miss Zouck have won her a very special place in the hearts of the girls of '38.

AISQUITH AND ORLEANS STREETS

## 1844—Front and Pitt Streets

The structure at Front and Pitt Streets was the first to be occupied by "The Eastern Female High School". It was two stories high . . . 50 by 34 feet . . . built in a neat and substantial manner . . . and the cost with its furniture, \$3500". The high school used only the second floor, while a primary school held classes on the first. The enrollment was 36, and the principal and only teacher was Mr. David Ring.

## 1852 - AISQUITH AND MULLIKIN STREETS

### 1852—Aisquith and Mullikin Streets

This building was 95 by 50 feet and was three stories in height. It was constructed of brick in a "pleasing style of architecture," and there was "a small ante-room" at the front to "receive the bonnets, shawls, etc., of the pupils." The number of scholars had increased to 136 and, at the close of the school year, "seven young ladies received certificates."

NORTH AND BROADWAY

# FOR EASTERN

## 1870—Aisquith and Orleans Streets

The school completed in this year was near the site of the 1852 building and was "built with a view to the future . . . free from useless ornament and as plain in plan and construction as possible to comport with

the character of the building." It was capable of accommodating "about 600 pupils with comfort and security." To instruct the 337 "females", there were 12 teachers.

## 1907—North Avenue and Broadway

The new school, "completed and transferred to this department" (Department of Education) "in November," has long since become famous for its classic lines and marble halls. When the structure was first put into use, the "playground" was on the roof because the building occupied all of the available yard space. The Assembly Hall had "sittings for ten hun-

dred and thirteen." The building was "heated by steam radiators . . . and lighted throughout with electricity—and with gas, should be electricity fail." A school board report in 1907 stated that "the city is to be congratulated on at last having a high school building that will compare with the best buildings devoted to such purposes in other cities."

## 1938 THIRTY-THIRD STREET AND LOCH RAVEN ROAD

### 1938—Thirty-Third Street and Loch Raven Road

This imposing new edifice, occupied on February first, is according to Dr. Weglein, the best of its kind in the state, and—if one should ask an Easternite—the best in the country. It is a "four story H-shaped building . . . with sound-proof ceilings in the corridors, music room, auditorium, cafeteria, and locker rooms," and there is an electrical two-way sound transmission system throughout the school. The school accommodates 2600 pupils, the auditorium 2000. The erection of the building was a W.P.A. project and the total cost of the building including equipment, was \$1,452,538.62.

AT THE DEDICATION

## Officially Ours

The building was ablaze with myriad dazzling lights. Through the wide-flung doors streamed a throng of eager people, filling the spacious auditorium to its utmost capacity. Excitement was high—for, on that night, March 14, the new Eastern High School was to be formally dedicated.

Finally, the curtain began to rise slowly and, with vari-colored overhead lights glinting on their white dresses, the Glee Club came into view. At the same time, entering from a rear door and advancing to their seats on the stage, came, in proud procession, Miss Cairnes, the speakers, and special guests of the occasion.

The exercises were opened by Dr. Weglein; and the first speaker was Judge Harlan of the Public Improvement Commission, who presented the building, on behalf of the City of Baltimore, to Mayor Jackson. The Mayor accepted the gift, officially turning it over to the Board of School Commissioners. Mr. Forrest Bramble then expressed the joy and gratitude that he, as president of the board, felt at receiving for Eastern High School this imposing new structure.

Immediately following these speakers, the members of the Glee Club, under the direction of Miss Jessie L. Armstrong and accompanied by Marjorie Hardwick, raised their voices in a beautiful arrangement of Mauder's glorious "Praise Thy God, Oh, Jerusalem!" Dorothy East sang the solo parts.

When Dr. Weglein had reviewed briefly the circumstances leading to the erection of the new Eastern High School, the Glee Club again rose, this time to sing a group of five selections. The first was "The Nightingale's Song," by Nevin; the second, "The Swallows," by Cowen; the third, "Largo," from Handel's opera "Xerxes," with Dorothy Dittmar as soloist; the fourth, "Lilacs," by Burwald; and the last, "Will You Remember?" for Sigmund Romberg's "Maytime."

Miss Cairnes, who was the last speaker, gave a short history of Eastern and then spoke of the things of interest to be seen about the building. At the conclusion of Miss Cairnes' address, the audience left the auditorium to spend the remainder of the evening touring what they had been told was the most up-to-date high school building in the state.

Dear Friends of '38:

We have completed one of the most important periods in our lives. As the future with its many opportunities beckons us forward, let us put into practice the valuable training we have received at Eastern High School and go forth with high resolve. Charlotte Perkins Gilman has expressed my thoughts in these words:

*"To keep my health!  
To do my work!  
To live!  
To see to it I grow and gain and give!  
Never to look behind me for an hour!  
To wait in weakness, and to walk in power;  
But always fronting onward to the light,  
Always and always facing towards the right.  
Robbed, starved, defeated, fallen, wide astray—  
On, with what strength I have!  
Back to the way!"*

As we part, please except my congratulations on your achievements and my best wishes for your success.

Most sincerely yours,

MARGARET TEMPLETON

## The Mid-Year Farewell Assembly

The Farewell Assembly is always a momentous occasion, but this year the fact that it was the final Farewell Assembly in the old building gave it an added meaning. With the realization that it was for the last time, we watched the seniors march under the traditional garlands to the strains of the no-less traditional garland song. In keeping with the importance of the assembly, we had as guest-speaker the Reverend Dr. Donald Frank Fenn. Dr. Fenn spoke on a subject of intense interest to every graduate—that of her future after leaving high school. Above all, he stressed the need of clear thinking, intelligent and vigorous young women in the chaotic world of today. Then farewell messages were given by Miss Cairnes and Miss Blair. Of course, no Farewell Assembly would be complete without the rendition of the time-honored and beloved tribute to Eastern, "Alma Mater So Dear." After this had been beautifully sung by Dorothy East, the garlands again appeared and the graduates once more passed under them, bringing down the curtain on the last farewell assembly in old Eastern—one whose beauty and charm was worthy of all of those which had gone before, and one which will be fondly and sadly remembered as long as there lives a person who knew and loved old Eastern.

## The Epic of the Juniors of '39

As some young eagle, poised uncertainly  
Upon a cliff's forbidding brink, still sees  
His brothers soaring through the summer blue,  
Yet his own pow'r to follow after doubts;  
So we, the class of '39, began  
Our junior year uncertainly, our wish,  
The wish to follow paths of glory that  
The Eastern girls before us trod, strong in  
Our hearts, yet doubting we could follow too.  
But 'ere October waved, we found our class  
Embarking on a promising career,

For in this month we chose the girls to lead  
Our year. Our president is Marjorie Brock,  
And next in office Dorothy Porter ranks;  
Official scribe is Doris Stevens,  
And Mildred still guards our hoard.  
The girls we thought best suited for the task  
We chose, and knew that we had chosen well.  
But soon October passed, and, in its stead,  
The first November morning filled the East;  
And 'ere the e'en descended we had met;

## Epic of the Junior Class--Cont'd.

Our officers their solemn vows had sworn—  
 Their vows of faithfulness to '39;  
 Miss Zouck had closed our meeting with a talk;  
 And we were homeward-bound, inspired, and glad  
 To the junior class of '39.  
 November third soon came; and with this day  
 Arrived the rings we juniors proudly wear—  
 Our Eastern rings of gold and onyx; carved  
 Deep in the band the number "39"  
 Greets all who gaze. How proud we were!  
 Then on the fourth day of the month we chose,  
 To bear upon our standard and our seal,  
 These four words "pro umquam, retro numquan,"  
 A maxim high—our motto evermore.  
 As the month drew to its close, a popcorn feast,  
 In honor of our officers-elect,  
 By those who'd led our sophomore year was held.  
 At this same time we juniors knew in sports  
 We'd gained the day—the hockey field we'd won.  
 And so November passed; while we marched on.  
 And now December, with its snow and sleet,  
 Arrived. Five days were drear; the sixth was bright,  
 For on this day we gathered round and heard  
 The music played from which we soon would choose  
 A melody to chant throughout the years;  
 And on this day we journeyed through the West  
 With Margaret Hitchcock and her camera,  
 And saw the summer sun on mountain scenes.  
 Soon came the first glad month of '38,  
 When lithe young students of the graceful dance,

Whom Harriet Sauber skillfully instructs,  
 Before our eager eyes their talent showed.  
 Soon after we rejoiced to know that for  
 Our song the words had been composed,  
 Express full well our love for Eastern and  
 For '39; and we rejoiced to know  
 That for our pin and banner had been chosen  
 A symbol that is worthy of our year.  
 In time, the last of March drew nigh;  
 The day arrived when we our junior play, in name  
 "The Cross-Stitch Heart," presented to the school.  
 And as a prima donna's grand début  
 From eager listeners receives applause  
 That thunders through the house, so this our play  
 Received, from those who heard, sincere applause.  
 The fairest month in all the year soon dawned,  
 And in this month of May our dance we held;  
 And as the bright-winged butterflies of May  
 Flit gaily mongst the flowers on golden days,  
 So that the world with color is enriched,  
 So glided bright-gowned juniors o'er the floor.  
 With June came sultry days, and on the tenth,  
 With seniors and the faculty, our guests,  
 We joyously went sailing down the Bay.  
 In retrospect we see that many goals  
 We lost we might have gained through struggle, and  
 Alone we won no vict'ries; we were led,  
 Were strengthened by the wisdom, love, and grace  
 Of Miss Leah Hildebrandt, our willing guide;  
 To her we owe what glory may be ours.

# The Class of 1940

To write a page in these archives,  
1940 now arrives;  
And though we're very young, it's true,  
We've really done a thing or two.

But e'er our little story's told,  
We proudly hail the green and gold,  
And make salute to those above us,  
And hope that they will learn to love us.

Now let us give a rousing cheer  
For the girls we've chosen for the year:  
Our president, Virginia Kimble,  
Is capable, alert and nimble;  
And the other girls are just as fine—  
Bechtel, Vanzke and Helfenbein

And one we find in the Hall of Fame,  
Helen Heminghaus by name,  
Who skates so well that any zany  
Could see she's good as Sonja Henie.

And Nancy Horn is there as well  
Who in Badminton's simply swell;  
She bats the cock so that it flies  
Till it almost seems to touch the skies!

Speaking of skies, we've girls so bright,  
They shine like planets in the night;  
And many of these brilliant stars  
May soar so high they'll vie with Mars.

And as we climb the hill of knowledge  
That leads to business, home, or college,  
There's one who makes the way less weary—  
Miss Bishop, helpful, wise and cheery.

Let all of us now march along,  
A resolute and happy throng;  
We'll keep in step like soldiers true  
And proudly wear the white and blue.

# The Class of 1941

The first few days of school must be very amusing to upper classmen, as freshmen run about like frightened rabbits trying to find the correct rooms before the bell rings. However, this year we surprised them by becoming accustomed to our new school quite rapidly, and by behaving in such a very grown-up manner at our first assembly. To be sure, the song about freshmen playing "ring around rosie" slightly hurt our newly-acquired dignity; but then everyone knows (at least we hope so) freshmen do not play "ring around rosie."

One of our fondest memories was of our first Christmas party in Eastern. We played games, and exchanged gifts; and, for once, no one objected to staying after school. Another occasion which we remember with pleasure was the visit to Walters' Art Gallery, planned and supervised by Miss Gallagher. There, we saw beautifully carved statues, Renaissance jewelry, and paintings by many famous artists. Nor did the least important event in our visit occur when our pictures were taken by a photographer of "*The Evening Sun.*" We experienced another thrill at seeing our pictures in the newspaper, under the heading "High School Girls Visit Art Gallery."

Of course, Easternites are always interested in sports and clubs, and we freshmen conformed to custom by entering enthusiastically into the events of the Winter Carnival, and by supporting such clubs, as the Commercial Club and the S. P. Q. R. From these facts one can readily see that the freshmen really are a part of Eastern and that they intend to uphold her traditions. Indeed they have a very special right and duty for 1941 has the distinction of being the first freshman class in the new Eastern High School.

# When Grandma went to Eastern

## *Shocks to female delicacy (1851)*

“... along the side of the house” (Eastern High School, Aisquith and Mullikin Streets) “a public highway . . . will furnish halting and loitering places for the idle and dissipated . . . we can count the evil influence to which the young ladies visiting this school may be exposed . . . and the consequences that may follow the shocks to which female delicacy will doubtless be subjected by witnessing the indecencies likely to be practised on those corners.”

## *Contents of the curriculum (1851)*

### *English and Belles Lettres*

Spelling, reading, grammar, history, ancient and modern geography, rhetoric, logic, composition, mythology and antiquities

### *Natural Philosophy*

Elements of natural philosophy, astronomy with the use of the globes, planetarium and tellurium

### *Graphics*

Writing and ornamental drawing.

## *Monosyllables, dissyllables, and examination questions (about 1870)*

“What are words and how are they divided according to their syllables and according to their formation?”

“Words are syllables used to express ideas. They are divided according to their syllables in monosyllables, dissyllables, trisyllables, and polysyllables, and according to primitive, derivative, and compound formation.”

From the sum of  $2/3 + 3\frac{1}{2} + 3\frac{3}{4} + 4\frac{1}{6}$  subtract  $3\frac{1}{4} - 2\frac{1}{2}$ . Multiply the remainder of  $3/4$  of  $3\frac{1}{2}$  of  $2/3$ , and divide the resulting product by  $(1\frac{2}{3} \div \frac{5}{8}) \div (\frac{1}{2} \div 2\frac{3}{4})$ .

## *The desuetude of the French Language (1875)*

“The desuetude into which the French language appears to be falling in our high schools is sincerely to be deplored . . . the most logical and cultivated speech of modern Europe is an almost indispensable accomplishment to the educated young lady.”

## *Too much homework!*

“The complaint has been made (1880) by parents and pupils that the curriculum embraces too many studies and that the incessant application required of the pupils was injurious to their health.”

## The Prince Who Was a Pauper

It was nine o'clock, May 15, 1936. The curtain was about to rise on the sophomore play, our first endeavor as a class. There was a hush, the curtains parted, and "The Prince Who Was a Piper" began. The king roared, his chancellor bowed in comical fear, and the lovely, high-spirited Princess Maie completely captivated the audience. The charm of this same lady later won the heart of the noble, clashing Prince Denis, disguised as a piper who woed the princess in the guise of a statue in the royal garden. Amid much colorful singing and dancing came the happy ending, the happy ending both for the play and our first class enterprise.

## Notable Cast in "Dona Clarines"

Friday, March 9, 1937, was the date of the final curtain of a triumphant junior year for the Class of '38. "Dona Clarines," the story of a domineering woman, a scheming uncle, a beautiful young girl, and a handsome hero was presented. The scene was laid in romantic Spain during the picturesque period of ruffled dresses, lace mantillas, and fan combs. Ruth Lehman was splendid as the old woman whose frankness made strangers believe her insane. Bettie Spaid and Jane Kendall as the young lovers were quite attractive while Edna Marie Raynor as the crafty uncle gave a very convincing performance. Genevieve Cichomska as the querulous old servant and Lucille Skrupska as the doctor who

admired and respected Dona Clarines gave fine characterizations. Dorothy Osborn, Florence Braverman, and Mary Goldman proved an able supporting cast. This play was another proof that '38 was living up to its motto, "Esto Dignus," be worthy.

## '38 Presents "Pride and Prejudice"

"Standing Room Only!" boastful as that answer to Miss Wickes' telegram may seem—it was true! Even though it was a rainy, dreary night, the same spirit which pervades all of Eastern's functions was evident in the audience. The people sat eagerly awaiting the curtain that would bring forth '38's long-anticipated production of "Pride and Prejudice." The curtain parted, the lights were dimmed, a hush settled over the expectant gathering, and the play was on!

The part of Mrs. Bennet, the ambitious mother who wished to marry off her three daughters, was excellently portrayed by Dorothy Osborn. Following the example of her two sisters, Elizabeth Bennet—off the stage, Lucille Skrupská—eventually fulfilled her mother's wishes, but not before she had caused that good woman many moments of great anxiety. Had not the realization that Mr. Darcy was in real life a girl prevented it, many a feminine heart would have

beaten faster at the sight of Mildred Posner in the role of the dashing, too-good-looking-to-be-true young man. Naturally, romantic interests were further pleased by the elopement of Lydia and Mr. Wickham, and the engagement of Jane and Mr. Bingley.

Not only were the main characters splendid in their performances, but the supporting cast was equally good. All through the play those seniors in the audience who were acquainted with the backstage routine and the long hours of hard work necessary for such a production silently thanked Miss Blair, Miss Deem, Miss Wickes, and Miss Miller, who had given so much time to its perfection.

As the curtain fell and the actors were called back for bow after bow, who could blame the girls of '38 for listening rather intently to the comments which expressed the satisfaction and enthusiasm of the audience?

# Backstage Gossip of the Senior Play

Orchids to Miss Lucille Skrupska, the lovely heroine of "Pride and Prejudice," for her unfailing "stage spirit." Only a true actress could have continued to play her gay role while, with broken heart, she watched the rest of the heartless cast consume her cherished coc'.

It is whispered among the stage hands and the make-up artists that our handsome hero, Mr. Darcy, had quite a time with his sideburns. It seems that they refused to disregard Mr. Darcy's true femininity and insisted upon curling.

We wonder which members of the cast were responsible for the ridiculous hieroglyphics scribbled on Jane (Kendall) Bennet's farewell note from her lover. Fortunately, this merry

by-play took place at rehearsal, and Jane's uncontrolled mirth caused no fatal results.

Snooping around behind scenes we were amazed at a most unusual surprise at seeing the clerically robed Mr. Collins and Colonel Fitzwilliam, resplendent in gold braid, executing a charming version of the Viennese waltz to the soft strains of the ball music.

Along Theater Row, there is still talk of the influence that two eminent members of the history department exercised on the perfection of the climatic love scenes. Judging from the results duly noticed on the night of December 17, the demonstration, which Miss Holmes and Miss Blair gave for the cast, must have been heeded.

Believe it or not! A certain young lady (who came to the fore in the theater world as Charlotte Lucas) needed no less than three rehearsals to be able to effectively show that her "feet were killing her."

Members of the "Pride and Prejudice" are deeply appreciative of the person who suggested apple-eating at rehearsals. They would like to be quoted as saying that whatever success they have had is due entirely to their "apple a day."

## THE STUDENT COUNCIL

What a busy time the council has had this year, for the long sojourn in the wilderness at last came to an end, and our Promised Land was reached! No small challenge was extended to the organization in the task of acclimating the student body to their new habitat. Nevertheless, the council jumped to the job with its usual efficiency and willingness.

First, there was the distribution of the blue prints. What a stampede when the valuable prints were offered for sale! Each curious student hastened to purchase one of the prints in order to discover exactly the position of her future homeroom when the long awaited day should arrive.

That day *did* finally come! Hand in hand with it came the serious work of the council. There were new plans to be made, and new rules to be enforced. The latter consisted of promoting single file on the stairways, double file in the corridors, cleanliness in lavatories, and cautious care of the new school with its shiny desks and beautiful light floors. There was to be no carrying of chewing gum into the building, and spiral notebooks and the filling of pens without the protection of a blotter were taboo. The Student Council acted willingly and was both surprised and happy at the eager cooperation of the girls.

The cafeteria also offered cause for some deep concentration, for there were decisions to be made as to the seating, the amount of freedom and time for outdoor recess, the securing of permission for music and dancing, and numerous other campus and indoor problems. Committees which did plodding work were appointed and were most successful in fulfilling their tasks.

And now, with the school running smoothly once more, we think with gratitude of our leaders, Miss Zouck and Miss Miller, who guided us so ably through the seemingly impossible year.

### *Commercial Club*

<i>President</i> .....	Edna Marie Raynor
<i>Vice-President</i> .....	Gertrude Hanosz
<i>Secretary</i> .....	Emma Hardecker
<i>Treasurer</i> .....	Josephine Zienciewicz

This club, which is open to all commercial students, has a membership of nearly one thousand. The objectives of the club are primarily social. During the past year several unusual programs have been sponsored. In October there was a Hallowe'en party and dance. Stunt Day was a big occasion in January, when seven classes presented original sketches. A silver loving cup was awarded to CM4 for first prize and the other groups received potted plants for their efforts. The March meeting featured a fashion show especially appropriate for the business girls. In May the annual typewriting contest was held. The final social event was a dance in the gymnasium.

### *School Bank*

<i>President</i> .....	Marie Hovestadt, 1st term
	Naomi Bowers, 2nd term
<i>Vice-Presidents</i> .....	Emelie Davis, Norma Beall, Dorothy Stagmer, Rose Anna Pieroschek, Marie Hovestadt
<i>Assts. to Mrs. Beard</i> .....	Naomi Bowers, Veronica Parr

"Work, Earn, and Save Wisely." Under this excellent motto the girls of Eastern High during the year 1937-38, have succeeded in making the school bank a worthwhile institution.

Since 1926 it has been the practice of Eastern girls to make bank deposits every Wednesday morning. The girls who deposit regularly each week receive a Certificate of Thrift. One hundred eight certificates were awarded in January; D6-7 received the largest number.

The officers wish to express their thanks to Miss Gayleard, adviser, Mrs. Beard, from bank headquarters, homeroom bookkeepers and tellers, and also to the assistants, who have made the bank so successful.

### *S. P. Q. R.*

<i>First Consul</i> .....	Dorothy Osborn
<i>Second Consul</i> .....	Louise Smith
<i>Princeps Quaestorum</i> .....	Margaret Potter
<i>Scriba</i> .....	Lillian Dailey
<i>First Praetor</i> .....	Rebecca Rochefort
<i>Second Praetor</i> .....	Dorothy Kocyan

Do you know that the S. P. Q. R. is the only Eastern club which has existed continuously for eighteen years and that it has always been noted for its spirit of friendliness and its high ideals?

This year's outstanding meeting was the presentation of tableaux on the life of Augustus, in honor of his two-thousandth birthday. Nothing is of more interest to a schoolgirl than a wedding, so we enjoyed immensely the Roman wedding of Augustus' daughter, Julia, to Drusus.

The popularity of the Latin Club in the past has been due to the variety of its programs and we hope that its future will be worthy of its past.

### *As We Like It*

*President* ..... Naomi Hofstetter  
*Vice-President* ..... Beatrice Heard  
*Secretary* ..... Madeline Cabell  
*Treasurer* ..... Doris Wolf

A club with the sole purpose of doing what its members wish is the "As We Like It Club." With Miss White as our adviser, we organized the club in February, 1937.

An illustrated talk on the winter stars with appropriate poems, a dramatic portrayal of scenes from Shakespeare's "Romeo and Juliet," and an outspoken discussion of modern poetry are some of the programs that we have enjoyed most. We have also been interested in the stories of great operas—"Lohengrin," "Du Wal-Kurie," "Carmen," and "Faust." We really do everything just "As We Like It."

### *Entre Nous*

*President* ..... Dorothy Holden  
*Secretary* ..... Helen Hearn

It is not so young as its sister organization. In fact, it is the second oldest in the history of Eastern High, fifteen years having elapsed since it began. Its meetings are usually held once a month, and the French language is as essential to it, as lifelines are to the drowning. Its aim is a noteworthy one in that all "élèves francaises" have the opportunity to become acquainted with a more enjoyable phase of French than the everyday routine of school life permits. Three guesses, dear reader. What is it? The "Entre Nous?" Yes, your first guess is correct.

### *The First Aid Club*

*President* ..... Anne Ogden  
*Vice-President* ..... Doris Compton  
*Secretary-Treasurer* ..... Phyllis Farmer

There is a very old saying that "An ounce of prevention is worth a pound of cure," but if a person misses the ounce and the pound has to be rendered it is up to a member of the First Aid Club to do her part.

To become a member of the club, one must take the first aid course. Some members serve on the Hospital Squad and have given at least one study period a week to work in the health suite. Other activities of the club have been to visit hospitals and to assist with the activities of the Red Cross.

### **German Club**

*President* ..... Waltraut Vetter  
*Vice-President* ..... Ethel Mae Geahart  
*Secretary-Treasurer* ..... Rose Gross

"Fruch ubt sich, was ein Meister werden will," which in English means "Practice makes perfect," is the appropriate slogan of the "Deutscher Kranz." The aim of this club which meets the last Monday of every month, under our able adviser, Miss Rothholz, is to bring students into closer contact with the German language.

Our programs are varied: for instance, we have had amateur shows, plays, songs and games. If you come to the "Deutscher Kranz" you will be sure to have a good time with your fellow students.

### **Glee Club and Orchestra**

*President* ..... Doris Hankin  
*Vice-President* ..... Rita Markiewicz  
*Treasurer* ..... Virginia Burkert

The Glee Club and Orchestra under the direction of Miss Jessie L. Armstrong unite in keeping the music of Eastern in the foreground, since both frequently participate in public functions in the school. The Orchestra collaborated with the Glee Club in making the Christmas program one of the most enjoyable events of the season. The Glee Club excelled at the commencement exercises and at the dedication of the new Eastern High.

The Orchestra has now taken on a new activity—playing at every school assembly. This means that the orchestra will be kept busy enlarging its repertoire. The Glee Club is endeavoring to do good ensemble singing and "a capella" work.

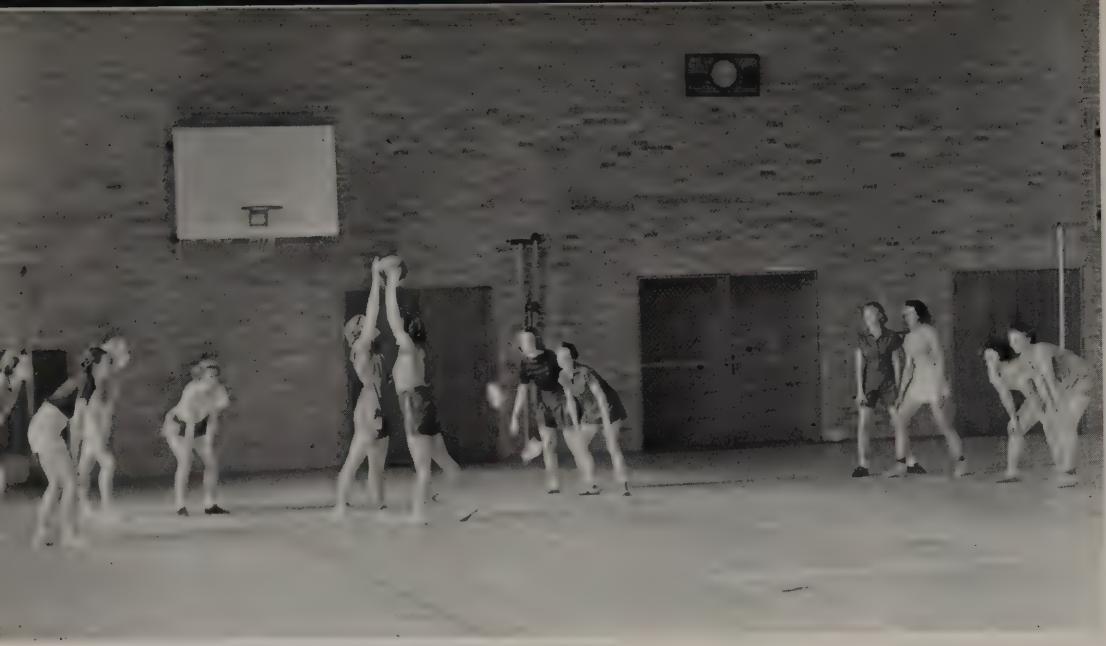

### **The Staff of Library Student Assistants**

We who serve as library assistants have found this to be an exciting year. Besides our daily duties of charging, "slipping," shelving, and mending books, we have helped with the packing. Our conversation in January was something like this: "Where's another newspaper to fill in this box?" or "Pull the twine tighter, Anna." "Won't we be glad when we're in the new library!" And on we struggled, wrapping carton after carton.

Since then we have resumed our usual duties in our new library with its modern equipment and its many windows, and working in such an attractive place is compensation for all our efforts.

#### THE JUNIOR-SENIOR GAME

On the afternoon of March 31, as enthusiastic and hopeful crowds cheered loudly, the teams of '38 and '39 took their places on the basket ball court to begin the big athletic event of the year. Soon the whistle blew and the two rival teams began a hard battle. During the game, Marie Armstrong, was injured and had to give up her place as forward. Excitement grew more tense as each team began to roll up the score. The spectators could scarcely follow the plays, so rapidly did the ball pass from side to side. At the end of the first half, a resounding cheer rose from those wearing the red and white. The seniors were leading. However, the juniors had not given up; they took up the second half with renewed vigor, and soon their score began to climb. Consternation grew in the senior ranks as enthusiasm and excitement waxed higher in the junior section. Never have the walls of Eastern's gym resounded with such a volume of cheers. Finally, through the din, the crowd could distinguish the blowing of a whistle and a vague announcement of "Final score, 36-31, in favor of the juniors."

#### LINE-UP

#### VARSITY

The Varsity team, although it did not win the city championship this year, made a very good record by defeating the teams of Western, Patterson Park, and Forest Park High Schools. The team consisted of Marie Armstrong and Alva Garnett, forwards; Rosalie Porter and Gladys Marsheck, guards; Thelma Dasch and Lillian Wollslager, centers.

The Junior Varsity team by defeating Patterson Park in the finals, became city champions. Members of the team who interchanged positions during the basket ball season were Eleanor Rutherford, Helen Korpman, Katherine Levis, Dorothy Levis, Marion Shelly, Frieda Overman, Alma Leslie, and Elaine Welty.

Cheerleaders

### *Archery*

It's the Indian instinct in them that attracts Easternites to this sport. Although Eastern lost the games with Western and Southern, she came out on top with Forest Park and Patterson. Irene Patton, Phyllis Henderson, Dorothea Ozazewska, Imilda Buckingham, Katherine von Manchow, Rebecca Rockfort, and Martha Edelin were the skillful archers who "brought new laurels unto Eastern" in the form of the city championship.

### *Badminton*

Eastern has joined the throng of Americans in enjoying this popular, exciting game. A few of the important followers of the birdie and racket are Margery Black, Jean Sunderland, and Loretta Hayden. The girls' scores have been greatly improved through the witnessing of excellent demonstrations by two of Baltimore's expert players.

### *Bowling*

Amid the clatter of falling pins and the shouts of the pin boys, Eastern girls engage in this popular sport at the Twentieth Century Bowling Alley. Two of the important bowling matches were played with City College and Sparrows Point High School. There was a tie in the latter game, but City defeated Eastern's team, which consisted of Julia Hook, Eva Hennish, Mary Smith, Hilda Flower, Wanda Ekielska, Joan Malinoski, Doris Krucky, Helen Weber, Clara Donnelly, Doris Willingham, Dorothy Hobbs, and Annabelle Ziegler.

### *Fencing*

"Touches" were quite common whenever Eastern's dualists were in the spotlight. Although this sport has not yet become as popular as some of the others, girls who came out for it found it both enjoyable and helpful in many ways. The most successful of the advanced foil-wielders of this year are Marie Woronka, Velma Blitz, Rosalie Porter, and Dorothy Porter. No article on fencing could be complete without a tribute to the team's fine coach, Miss Elsie Hudak.

### Golf

"Fore!" shout hefty Easternites as they swing it—yes, we mean a golf club. The four who were shouting, "Fore," last spring were Evelyn Schnitzlein, Margaret Milke, Jean Backman, and Ruth Koeller. Since cases of sore muscles were quite frequent, Rose Vivirito was always on hand to substitute for one of her colleagues.

### Hockey

Last fall Eastern girls were frequently seen hiking from North Avenue and Broadway to Clifton Park for hockey practise. In spite of many handicaps the team made a good record. In the interscholastic contest Eastern won first place. The girls responsible for this victory are Marie Armstrong, Alva Garnett, Dorothy Sommers, Thelma Dasch, Rosalie Porter, Gladys Marshek, Eleanor Rutherford, Nina Bubert, Lillian Wollsloge, Olga Dragonuk, and Doris Keseling. Next fall the girls will probably be even more enthusiastic about hockey, since they will have a field on their own grounds.

### Ice-Skating

Every Thursday afternoon future Sonja Henies of E. H. S. wend their way to the Sports Centre and do a good job of cutting up the ice. Eastern's leaders in this sport are Charlotte Issbrucker, Blanche Smith, Charlotte Wiegand, and Betty Chinn. While these girls are rapidly gaining recognition, the rest of the would-be skaters struggle along with wobbly ankles and frequent spills.

### Softball

"Batter up!" shouted the umpire as Eastern's gallant team sallied forth on the field. The first team line-up consisted of Eleanor Rutherford, Jean Larrimore, Virginia Redmond, Blanche Sterger, Marion Shelley, Jeannette Young, Blanche Smith, Alice Vollmer, Josephine Zienkiewicz, and Rosalie Porter. There were also five other teams, making fifty-four girls in all. The words of our school song, "In their sports they gain the day," rang true when our victorious softball team won the city championship last spring.

### *Swimming*

Among Eastern's very special mermaids are Anne Ogden, Mabel Yost, Margaret Chambers, all South Atlantic swimmers. These conquerors in the aquatic world plunged forward to defeat their opponents at the "Y" pool. The schools competing in the meet were Southern, Western, Gwynns Falls, Seton, Patterson Park, and Girls' Latin School.

### *Table Tennis*

For the less active athletes a ping-pong club has been organized. Eastern's three ace players are Gloria Angelo, Dolores Granese, and Dorothy Flock. Although there were no interscholastic games, many very interesting games have been played at home in the interclass tournament.

### *Tennis*

This year Eastern was unfortunate in tennis, since the team was not once victorious. The team consisted of Lillian Wollsloger, Marguerite Brown, "Syl" Thomas, Sylvia Goodman, Jane Kendall, and Henrietta Kenny. There were two matches played—one with Forest Park and one with Western — both of which were lost. Next year, however, Eastern is looking forward to a much better record since it will have its own courts for practice.

### *Volley Ball*

In the spring the Eastern girl's fancy turns to volley ball. Many girls participated in this sport but the following were picked to represent our school in the interscholastic games: Marie Armstrong, Frances Beresh, Laura Grudzeicka, Edith Witnick, Doris Compton, Gladys Marshek, Olga Dragonuk, Matilda Molino, and Muriel Hegerfeld. Although Eastern's colors were not flying quite as high as Western's, the city champs, the team did its best to uphold the standards of its Alma Mater.

## The Council's Anniversary

On an eventful and long-to-be-remembered day of October, 1907, the Student Council was born. For three decades the Council has flourished; and on its thirtieth birthday, after days of feverish preparation, its founding was celebrated. A typical "through the years" program was presented in the form of a "then and now" fashion show. Will we ever forget how we rocked with laughter at the sight of the whale-boned and pompadoured lassies of 1907? Nor will we pass lightly over our memories of how the spirit of "over there" was aroused when the middy-bloused farmerettes appeared. Still another ten years rolled by and the beaded, bespangled, box-like figures of 1927 recalled costumes that we vaguely remember as that kind in which our mothers once proudly sallied forth.

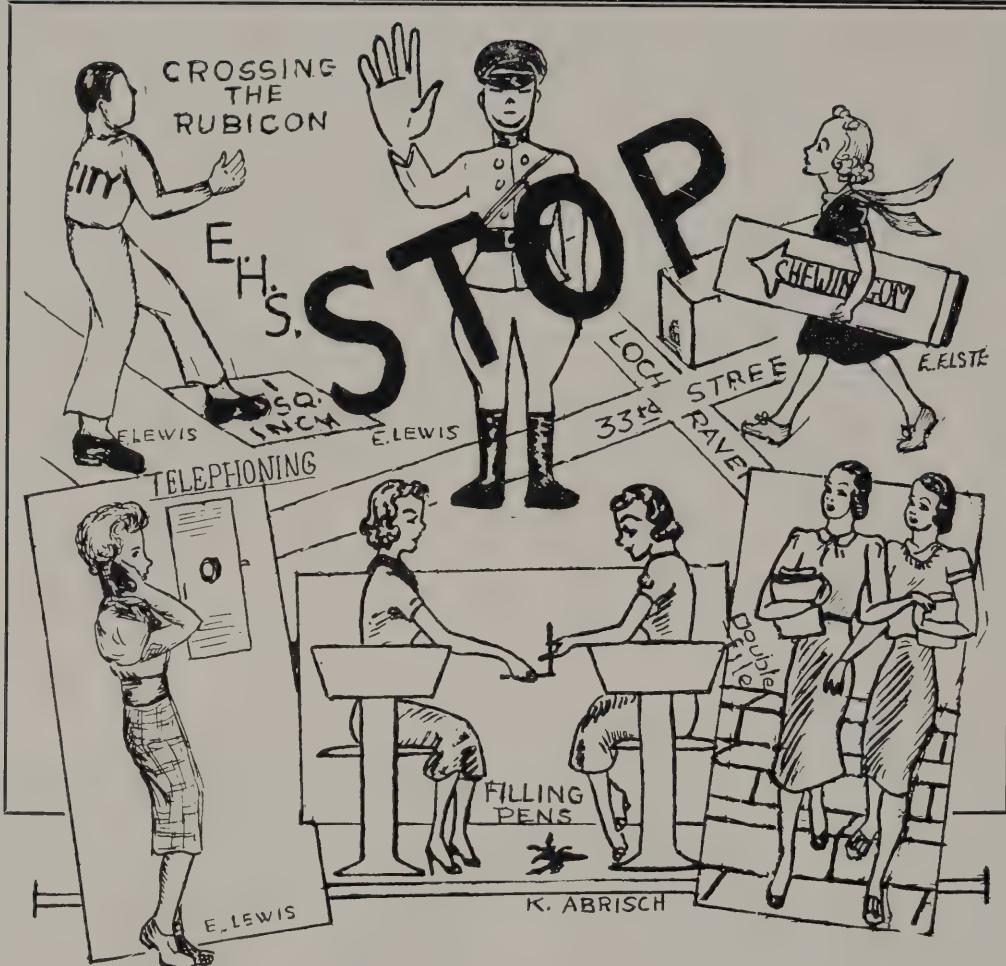

Miss Zouck presided at the anniversary assembly, and there were several guest speakers. Mrs. Edith McCleary, of the original council, represented 1907; our own Miss Norment revived the Eastern of 1917; and Miss Madeline Skirven, president of the 1927 council, talked about the Eastern of the flapper era.

On the whole, the assembly was a gay, sparkling occasion; but, in spite of its gaiety, the fact was instilled in our minds that the most important organization of our student body is no longer a child prodigy but a matured, well-developed part of Eastern's life.

# MISCELLANEOUS

## The First Day at the New Eastern

February 1, 8.30 a.m. Was this really Eastern High School that I was approaching? Instead of the familiar grass plots of Broadway and the noisy traffic of North Avenue I saw quiet lawns, potential tennis courts, and—City College. Quite naturally I admired the wonders of the new school, but the wonders of a certain neighboring building were not lost upon me. In fact, the "wonders" gave Eastern no opportunity to lose sight of them. They were in evidence everywhere—especially upon the Eastern boundary of the Rubicon, where the sight of girls alighting from street cars seemed to them a distinct novelty.

Upon entering the building I discovered so many marvels that I became quite lost in contemplation of them. Soon, however, classes started and I became much more lost in Eastern's endless hall. Armed with a blue print I sallied forth. I missed the first stairway and was gently reminded that my blue print was upside down and that I should be at the south end of the building instead of the north. With a dignity befitting a senior I retraced my steps, climbed the stairway, and thankfully arrived at my evasive destination. I opened the door. The class looked strange; the teacher, stranger. Was there nothing familiar in this building? Then,

## First Day at New Eastern---Cont'd.

with my very own faculties, I reached the solution: the number on the outside marker belonged to the front door of the next room—not the back door of this one. With every vestige of dignity erased I hobbled into the next room, just one-half minute after the bell.

Before my injured dignity had had an opportunity to recuperate, the period had passed into oblivion and I again took up my blue print, hoping fervently that it would not betray me a second time. Alas, vain hope! It served me well enough until I reached the ground floor, and then faith departed, taking with it the music room. Desperately I eeny, meany, minie, moed the maze of corridors, before me; and, choosing one at my right, raced forward on both cylinders, at top speed, directly into the arms of one of the Select Seventy-five (who, by the way, looked but little less lost than I). Amidst a confusion of books, papers, and apologies we concentrated together on the treacherous blue-prints. At last she exclaimed triumphantly, "Why, of course, you couldn't find it in this end of the building—!" At that moment I detected a faint warbling at my left elbow; and, looking around, I detected a door. I opened it and there was—the music room! My learned guide had, surprisingly enough, disappeared from the scene. No doubt she had gone to inform the architect that his plans lack both unity and coherence.

Eventually the bell sounded again. Taps would have been more appropriate and more welcome. But an Easternite never says die; so with no less valor than David himself possessed, I went forth to meet my Goliath. Upon entering my next classroom I saw a strange sight at the windows—not the blinds, though they were strange enough—but a gallery of intent young males industriously peering in upon us. Eastern had not expected to be greeted by a personal visiting committee, especially one with no official orders from headquarters. Although they afterwards declared that they were members of a social studies class and were seeking to learn of conditions existing in various high schools, an edict of February 2, 1938, issued by headquarters, ruled that such studies (if any) be discontinued.

When the seventh period finally rolled around and, after forty years of fruitless wandering in the wilderness, I reached the Gym, the members of my body (especially my feet) were on the verge of going on a sit-down strike. Exercise is all well and good, but—enough is enough! I was sure that I had lost at least five pounds since morning, and if mathematics and the law of cause and effect held good, I should awake some fine morning to find that the essential me was not there at all. I was aroused from my cheerful meditations by a phantom voice, saying, "This is Miss Cairnes!" The law of cause and effect was taking its toll rapidly, I decided; but no! The mysterious voice was coming not from the spirit world, as I had supposed, but from the neat little gadget in the front of the room. Relieved but weary, I sank back into my seat, wondering, "What will they think of next?" and then leaped forward in abject terror as a prompt answer to my thoughts from behind me in the form of a strong and none-too-warm "Puff!" from our wonderful automatic heating system.

In the midst of such examples of modern ingenuity my first memorable day at the new Eastern came to a close. As my weary feet climbed aboard the street car, I vaguely noted that the "wonders" were still in evidence. And it occurred to me to wonder, as I was falling asleep that night, whether I were dreaming or whether I had actually been escorted to a place of safety at the close of this irksome day by the Baltimore Transit Company, the Police Department, and the Fire Squad.

# '38's First Senior Assembly

It was on October 7, 1937 that we, the newly-christened seniors, filed into the Assembly Hall with heads held high and hearts beating fast; for that day was the joyous occasion that we had awaited for two long years, the day on which we were to take our places as seniors. On the stage were the girls we had chosen to lead us, ready to take our places as seniors. On the stage were the girls we had chosen to lead us, ready to take over their duties. After an official welcome by Miss Blair and Miss Lenderking, Miss Cairnes gave an address, the theme of which was the wisdom of being prepared at all times for any emergency. Then the following class officers of '38 were installed: President, Margaret Templeton; Vice-President, Julia Harrison; Secretary, Martha Berge; and Treasurer, June Murphy. After musical selections had been given by members of the class, we left the Assembly Hall, still experiencing that exhilarating feeling of a goal fairly won. But we were conscious also of a new responsibility that rested on our shoulders as the leaders of Eastern High School.

DOROTHY COOPER

## 1938 Class Song

Tune: Washington and Lee Swing  
*O '38, we'll let our call ring clear;  
Shout "Esto Dignus" so that all may hear;  
Raise high our symbol-hues of red and  
white,  
And for a worthy purpose ever strive and  
fight.  
So now we pledge to you, dear Eastern  
High,  
A love that will not through the future die.  
Together let us give a rousing cheer,  
Hail, '38!*

*We, girls of '38, will always be  
To our class true in love and loyalty.  
We'll never lag or from our duty turn,  
Remembering, through the years to come,  
what now we learn.  
We'll always do our best in work and play  
To live by Eastern's standards day by day.  
Then forward we shall go with dauntless  
hearts;  
Hail, '38!*

Words by

## The Last Will and Testament

We, the seniors of Eastern High School, supposedly of sound mind and memory, realizing full well the deficiencies of our environment, and wishing to make just disposition of our ideas and experience to those who are the natural objects of our bounty, do, therefore, make, ordain, publish, and declare this to be our last will and testament, revoking all prior wills and codicils:

First: We bequeath to Miss Grote, a few less "heathen Chinee"; to Miss Deem, noteless oral reports; to Miss Mullikin, a waste can to be anchored to the ceiling when not in use; to Miss Hildebrant, an errand-running homeroom; and to Miss Blair, another class to advise.

Second: We bequeath to the campus, shrubbery; to the cafeteria, a floor show and orchestra; to the desks and chairs, chewing-gumless girls; and to the new school, both the novelty of youth and the grace of age.

Third: We bequeath to the Student Council, a City stagline; to the track-walking students, male companionship; and to our neighbors, dates.

Fourth: Individually we bequeath:

- M. Templeton's ability to wield the gavel to M. Brock.
- J. Harrison's vice-presidential secrets to D. Porter.
- C. Wiegand's gallon of ink to D. M. Stevens.
- J. Murphy's pig-penny bank to M. Ferguson.
- J. Bower's position as circulation manager to J. Jindra.
- J. Dunn's noisiness to M. Haupt.
- M. Opava's supply of misconducts to H. Opava.
- A. Blatchley's sophistication to D. Kapp.
- D. Krause's super-salesmanship to L. Oswinkle.
- D. Hankin's optimism to P. Forney.
- M. Hardwick's place at the piano to S. Hicks.
- V. Weaver's class spirit to all of '39's erring members.
- S. Broadbelt's heartfelt sympathy to the future ECHO editor.

Fifth: To remaining Easternites, we bequeath our poise and worldly wisdom; the chemistry aprons which we did not receive; and our neighbors.

In witness whereof, we hereunto sign our name and affix our seal, this first day of April, one thousand nine hundred and thirty-eight.

THE CLASS OF 1938

## Debates

Debates! What memories the word conjures up! Was there ever a high school girl who did not experience a feeling of foreboding evil at the mere mention of the subject? Was there ever one who did not live in fear and trembling, awaiting the moment when her English teacher should announce, in matter of fact tones, "Girls, we shall begin work on debates next week?" A few, perhaps, but not the average Easternite! Didn't *she* spend countless hours in research, taking notes, making deductions—acquiring knowledge wherewith to baffle her opponent, *always* with the same misgivings? Then, on that day of days, didn't *she* of the premonitions forget her fears and become imbued with one thought to the exclusion of all others—that of maintaining her position, winning her point? And didn't *she*, after all, emerge from the "ordeal" unscathed, with the satisfaction that comes from a gradual and pleasant awakening—"Debates spell good times and give one the feeling of having achieved the impossible?"

—HELEN HEARN

## Garland Making

"We wove you rosy garlands . . ."

How appropriate these words of the garland song were last year when we of '38 held the garlands over the heads of the departing seniors,—appropriate because we had really made new garlands. Under the supervision of Miss Norment, we spent many happy hours at this task. "Let's go swishing" was the call to join the friendly cult of garland makers. "Swishing" was our own choice of word for making the little tissue petals. We swished on the street cars, in study periods, at home, in bed, and even in the physics classes. This, however, wasn't the only things we did; for we joined the tiny petals to make flowers and attached the flowers to stems to make the actual garlands.

Now, in June, 1938, as the strains of "We wove you rosy garlands" echo through the halls of Eastern, as the juniors say farewell to us, our eyes are too full of tears and our hearts too full of memories for us to appreciate fully the real beauty of the garlands which we spent so many happy hours in making.

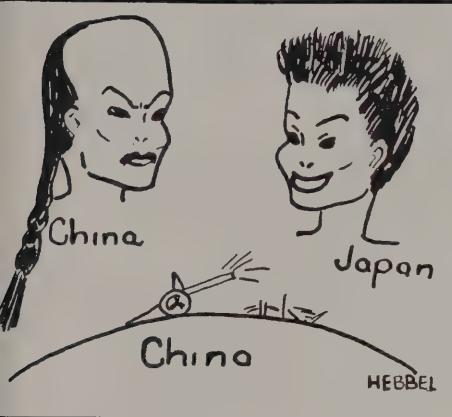

KATHRYN PELTZ, GLADYS NEAL

## Christmas Stockings

From all the joy and excitement Christmas brings, there is nothing that gives more pleasure to us at Eastern than the filling of Christmas stockings, an activity which Miss Norment has directed for a good many years. This year, a group of sophomores of Miss Johnson's sewing class made the stockings, while girls of third year classes, supervised by Miss Holmes, dressed little dolls. Toys and sweets were bought with the money from the November self-denial collection; and a few days before Christmas, as we talked and chatted, dolls, horns, candy, and nuts were crammed from toe to top into the stockings, which at Christmas were to brighten the homes of so many little children.

## The Christmas Carol Assembly

A few notes on the piano, last whispers among the girls and the Christmas carol assembly had begun. Despite a few strained voices, several rather hoarse ones, and some slightly off key, a Christmas spirit worthy of lingering in old Eastern's halls was ushered in. Between the carols sung by the entire student body were solos by Frances Bell, Jeanette Deckert, Merle Koch, Dorothy East, Pauline Pinkard, Doris Thomas, Dorothy Dittmar, and Angela Bavis; and speeches by prominent members of the school administration, who made elaborate apologies for their supposed inability to give forms of entertainment other than their few humorous remarks. After greetings had been given to the school by Miss Cairnes, the students, with laughter in their eyes, carols on their lips, and the Christmas spirit in their hearts, marched out from the last Christmas Carol assembly in the never-to-be-forgotten old Eastern High School auditorium.

## To The New Eastern

*Deep from within the hill  
A strange new birth his sprung.  
It rears its head from out the earth,  
A builder's dream realized.  
A child of this modern world,  
Built of steel and brick and tile,  
It stands upright, refreshingly clean,  
A symbol of this Age of Youth.*

*Within its walls, angled according to  
trend,  
Dwells a tradition, time-hallowed, and  
venerable  
As the orb on which it stands.  
An ancient, tender spirit mellows this  
New-born child of a hectic era.  
So, in peace, the young and the aged,  
New and old, the dazzling and the  
dimmed  
Go their way, hand in hand.*

MADELINE HEBBEL

## Eastern High School

*I saw a lonely mound against the blue;  
I saw but grass and emptiness of space;  
A husky group of workers hurried through  
And then a sudden change came o'er  
the place.*

*I saw the mighty workers mount the hill;  
With clang of steel I saw the girders  
rise.  
I heard the sound of hammers loud and  
shrill;  
I saw the structure stretching to the  
skies.*

*And there amidst the ceaseless monotone  
I saw the busy builders come and go;  
I saw the placing of the corner-stone  
And brick by brick I saw the structure  
grow.*

*I saw a perfect building reaching toward  
the sky!  
And then I saw them raise a flag, the  
flag of Eastern High!*
